RE: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY

on 8/29/67, Bureau liaison with U.S. Secret Service determined U.S. Secret Service will take no action regarding this matter pending Bureau inquiries.

This matter is to receive expeditious attention.

NOTE:

A Special Agent of the Security Office, U.S. Department of State, interviewed a summer employee of the Department of State who had obtained information third-hand that Corporal Thomas L. Lindon, U.S. Marine Corps had said that during the course of his duties, he had reviewed U.S. Marine Corps files and observed information concerning the assassination of President Kennedy. The files allegedly reflected that Lee Harvey Oswald had nothing to do with the assassination. Lindon further indicated that the files revealed the assassination was a "conspiracy on the part of the Government." Also the actual assassin was a former Secret Service Agent. Further, Jack Ruby was killed by the Government with some type of injection.

When all the facts are received, dissemination will be made to the Department, U.S. Secret Service, U.S. State Department and the U.S. Marine Corps.
